Vallejo Community Access Television (VCAT) was established to provide public non-commercial, educational and governmental access television channels and other media services to the Vallejo community.

Our Mission is to provide public, education and government access TV to Vallejo’s residents and workers, to increase community awareness and pride, enhance our educational opportunities, showcase our talent, celebrate and appreciate our diversity, explore our future and understand our past, discuss current events, and promote community involvement, participation and caring.

These operating policies and procedures are intended to provide the means for assuring fair and equitable access to the resources and services managed by VCAT.

Vallejo Community Access Television, Inc. is a non-profit, public interest organization duly licensed by the California Secretary of State. It is governed by an 11-member board of directors which includes public representatives elected members as well as designated members from the City of Vallejo, Vallejo Unified School District, and Solano Community College.

The resources and services managed by VCAT are intended to facilitate non-commercial expression by residents of Vallejo for the education and benefit of the community at large. The channels and resources managed by VCAT are intended to provide a public and community forum for freedom of expression. These resources operate in the spirit of the First Amendment to the Constitution of the United States of America.

The policies and procedures detailed here may be waived in specific cases by authorized staff for due cause, but shall otherwise generally be followed. In cases where these policies and procedures are suspended, supporting documentation shall detail the reasons for such suspension. A Producer or Programmer is required to submit any request for a exception to policy in writing in advance for review by staff, and any approved waiver will be kept on file.

These policies and guidelines may be modified at any time by the VCAT Board of Directors at a meeting for which such modifications are posted in advance. Producer members of VCAT and members of the Vallejo community are invited to submit proposals for changes and to make comments on any proposed changes which the Board is considering.

The information in this book explains how the community channels and community media center in Vallejo operate. Persons using the facility should review the policies and are expected to comply with the rules described herein.

II. FAQs ABOUT VCAT

B. WHO PAYS FOR VCAT?
VCAT’s primary funding sources were made possible through the cable franchise agreement and subsequent settlements with Comcast Cable. This included a one-time capital grant for equipment and facilities, and ongoing support for operations provided by a portion of PEG fees from cable subscribers.

The City of Vallejo also acquired consulting services, provided a funding grant, and other in-kind resources to assist with the establishment of a PEG Access program.

Additional funding comes from membership dues, underwriting, grants and donations. Through partnerships with the community, businesses, grantors and agencies, VCAT will seek to expand community media services and offerings. Your continued support is needed!

**E. RELATIONSHIP BETWEEN VCAT & MEMBERS** VCAT is a private non-profit corporation, represented by its Board of Directors and Staff. The organization manages the equipment, facilities and Channel 27. These resources will be made available to Members in good standing who wish to produce programming to play on Channel 27. However, Members are not agents or employees of VCAT. Members are considered to be independent producers who create programming for themselves or the organization they represent. Members are responsible for the content they produce and submit to Channel 27. Members must not identify their production efforts as being “for VCAT”. Rather, producers should indicate that their programs “will be seen on VCAT Channel 27”. At no time may any individual or organization member identify themselves as an employee or agent of VCAT or any of the funding jurisdictions unless hired by VCAT or the jurisdictions to perform a service. VCAT exercises no control, beyond these policies, over production activities by members except when members are recruited by VCAT to crew productions that are specifically coordinated by VCAT.

H. Studio, Editing & Dubbing Equipment
i. Studio The VCAT Studio is open for use by all VCAT Producers in good standing. The VCAT Studio may be reserved for up to three (3) hours per reservation. A Project Form must be completed and approved prior to reserving the studio. Only the producer(s) listed on the Project Form may reserve the studio time. Studio time must be scheduled at least 3 working days in advance. IT IS HIGHLY RECOMMENDED THAT RESERVATIONS BE MADE AT LEAST ONE WEEK (SEVEN (7) DAYS) IN ADVANCE. Studio time may be reserved up to 30 days in advance. Studio availability is subject to the availability of staff. If you require use of the studio outside of regular office hours, a minimum 10 day notice is recommended. Studio time can be tentatively reserved by email or phone; however a completed Studio Reservation Form is required to confirm each reservation.

Studio time is granted on a first come first serve basis. There is a limit of 5 reservations per month (studio and equipment combined) for each producer or project. Equipment reservations made in conjunction with studio use will only count as one (1) reservation.

ii. SAFETY & SECURITY In case of Emergency dial 9-1-1. Be sure to give the 9-1-1 operator the location and building number as follows:

Jesse Bethel High School, 1800 Ascot Parkway, Vallejo, Building H. Building H is located directly behind the Main Office Building.

The Producer must perform a safety check and give a safety briefing to all crew, hosts and guests pointing out safety hazards such as tripping hazards, hot lights, heavy equipment et cetera. The Producer is responsible for the proper use of all Studio Equipment and may be responsible for damage caused by improper use. Reckless or unsafe activities are prohibited within the VCAT Studio or on the Jesse Bethel High School Campus. Both (inner) Studio doorways must remain clear of obstructions and not be blocked in case of an emergency.

The Producer must also familiarize him/herself with the location of fire extinguishers and fire alarms. If more than 10 persons are involved in a production a Fire Marshall must be appointed who is responsible for evacuating the studio space and executing the fire alarm.

The Producer is responsible for Security during his/her production. All crew, hosts and guests must use the studio door (the door closest to the stairs) to enter the studio area. There is to be no traffic through the control room area except for authorized persons who are certified to use control room equipment. If a production will include more than 10 individuals it is recommended that a person be posted at the studio entrance to control who goes in and out. If this is not possible the outside entrance door to the studio must be closed.

iii. STUDIO TIME & RESPONSIBLE USE Studio time reserved includes time to set up and tear down the production. It is highly recommended that Producers schedule a “rehearsal session” prior to their production in order to gauge how much time is required to set up and tear down. Productions that go over the allotted amount of time may be penalized with suspense of studio use. Habitual over-time productions may lose studio privileges.

The Producer reserving the studio is responsible for conduct of their crew and program hosts and guests. All members of crew, hosts and guest must sign in and wear VCAT identification in the form of a VCAT issued ID Badge or a VCAT Name Tag while on the JBHS Campus. Because our studio is located on a Vallejo City Unified School District Campus, there is ABSOLUTELY NO TOBACCO, ALCOHOL AND OTHER ILLEGAL OR ILLICIT DRUGS ALOUD. Any person who appears to be under the influence of alcohol or illegal /illicit drugs will be asked to leave, and the production may be shut down.

The Producer is responsible for all equipment and accessories within the Studio Area during his or her production. All persons operating equipment in studios must have a basic orientation to studio procedures and safety. Persons operating specialized equipment such as the studio camera, production switcher or audio board must be certified to operate that equipment. ABSOLUTELY NO FOOD OR BEVERAGES MAY BE BROUGHT INTO
THE CONTROL ROOM AT ANY TIME! Use of food or beverages in the studios must be approved in advance. All minors must be accompanied by an adult. The use of animals of any kind must be approved in advance. All animals must be vaccinated and under owner control at ALL TIMES.

The studio must be left in the same configuration that it was found. All equipment must be properly stowed or put away at the end of each production. Failure to do so may result in suspension or loss of studio privileges.

iv. Editing and Dubbing Facilities. In-house editing and dubbing systems may be checked-out for up to three (3) hours per reservation. Use of editing systems for viewing, logging or dubbing tapes is permitted, but no advance reservations will be given for these purposes. No food or beverages are permitted in editing or dubbing areas. Editing and Dubbing Facilities must be used in compliance with copyright law of the United States and the State of California.

v. Equipment Liability for Damages The Producer using the equipment is responsible for its safe use and return in working condition as received. An Equipment Hand Receipt accepting liability for damages and signed by the Producer is required for each use. The Producer will fully compensate VCAT for any damages or loss other than normal wear and tear which occur during the time she/he has checked it out.

After approval, Projects remain active until completed or canceled by the producer (see below). Active projects which are not used for six months will be canceled by VCAT and are subject to terms of cancellation.

C. CANCELLATION OF A PROJECT

iii. **PROGRAM CONTENT** When providing cablecast time to community members on the PEG access channels, VCAT will cablecast locally produced programming free of editorial control, but does set forth certain production requirements as outlined below. **Program producers and users of VCAT's channel for public access television are fully liable for the content of all program material that they submit.**

VCAT has right of first use to all programs created using VCAT equipment and facilities. Specifically, programs must be submitted for cablecasting on VCAT before being submitted to any other broadcast or distribution facility. Taped, edited programs must be submitted on VCAT-designated media; live-to-tape programs must deliver first generation media. All program submissions must be accompanied by a Playback Request form, and all applicable information must be provided.

Producers will, as part of the program submission process, indicate how viewers can reach them. This information will be in the credits section of the program submitted as well as on the Playback Request form, and the information must be identical. The contact information will be released to the public in the event VCAT is contacted about the program.

iv. **COMPLIANCE** Failure to comply with these requirements can result in a range of outcomes: your program may not be cablecast, or your membership and ability to use VCAT’s facilities may be limited or revoked. If staff notices an abnormal number of production problems with a program submission, a user may be asked to retrain. VCAT reserves the right to adapt these operating rules.
and procedures, allowing it to modify, revoke, suspend, terminate, delete, or change these procedures when circumstances warrant it.

v. FIRST AMENDMENT / EQUAL TIME POLICIES There will be no prior restraint or censorship of programming submitted to VCAT for presentation under its public access policies, unless such programming contains material used illegally or material not protected by the First Amendment to the Constitution of the United States. Public Access programming must include a disclaimer in which the Programmer accepts responsibility for her/his speech and holds harmless VCAT, the cable provider(s) on which VCAT programming appears and each franchising authority contracting with VCAT.

The Equal Opportunity or “Equal Time” rule and the Personal Attack rule do not apply to public access. Public access users are under no legal obligation to show any viewpoint other than their own. Community residents with diverse and opposing viewpoints are encouraged to use the public access channel to express their ideas.

vi. SERIES PROGRAMS
A series is defined as regular programming of a show with the same title and length, once monthly, twice monthly, or weekly.

Requests for consistent time slots (program series) will be allocated at VCAT if the following conditions are met:

• The producer has completed three taped programs before applying for a series.

• Ample time remains available for other community programming requests.

• Titles and descriptions of programs are submitted to the programming manager at least four weeks in advance of cable-casting.

• User has new material on a consistent basis for each scheduled program, i.e. a monthly show will have new material each month.

A series will be allocated a maximum of 13 weeks of programming time, after which are-application will be required. For purposes of program scheduling, there are four 13-week blocks each calendar year.

A series does not have the program ready a second time, VCAT will assign the time slot to other users.

Producers who are inconsistent with their regular schedule will be required to resubmit a request for series time. The re-application process will take into consideration other scheduling demands and VCAT’s judgment regarding the ability of the producer to meet the requirements for series programming.

vii. LIVE PROGRAMS A producer may request a time slot for a live program no less than four weeks and no more than 13 weeks in advance. Producers must shoot three live to tape shows first, having demonstrated an ability to handle the complexity of doing a live show before permission will be granted and time is scheduled. Ability to conduct a live program will be gauged by staff. Live programs will be scheduled according to the availability of staff.

viii. CONTROVERSIAL/ADULT PROGRAMMING
Controversial content in programming should have the effect of encouraging a greater expression of free speech; VCAT reserves the right to inform the public of controversial programming and to solicit responses from the community in the form of additional programming.

If, in the opinion of a producer, any material in their program is deemed to be appropriate for adult audiences only, a 15-second visual and audio viewer advisory specifying the nature of the controversial content will be required at the beginning of the program. Adult Content programming will be limited to designated hours.

Producers are expected to inform VCAT staff about programming that may be problematic to viewers in the Playback Request Form, and to exercise good judgment. Controversial or adult programming with excessively violent material, offensive language, excessive nudity, graphic depiction of medical procedures, or sexually explicit material will be scheduled for cablecast between 12:00 Midnight and 2:00 AM.

ix. Disclaimer Insert for Adult and Controversial Programming Members and Independent Programmers who submit programming they consider to be appropriate for adult audiences are required to fill out the appropriate section of the Programming Request form, and include a 15-

The viewer advisory must be read aloud and displayed on screen for 15 seconds.

F. PROHIBITED PROGRAMMING

VCAT cannot cablecast:

• Commercial Programming—Material which is obscene or unprotected by the Constitution of the United States.

• Material which constitutes libel, slander, invasion of privacy or publicity rights, incitement, or which otherwise violates any other local state or federal law.

• Programs containing material that violates copyright or trademark law. Use of such material requires obtaining appropriate permission from music licensing organizations, publishers, representatives, copyright holders, broadcast stations, networks and/or any other intellectual property owners. Unless producers can furnish written authorization for each instance of copyrighted or trademarked materials, VCAT will not schedule the program.

• Material that creates immediate danger of damage to property or injury to persons, the substantial obstruction of law enforcement or other governmental functions or services, the deprivation of any person by threat of force or physical action of a legal right or the disturbance of any person in the enjoyment of a legal right, or the creation of a public nuisance.

• Material that contains direct or indirect presentation of lotteries or lottery information.

• Any other material which may, from time to time, be deemed to be prohibited from cablecast by applicable law or regulation.

• Paid advertising on behalf of candidates for public office or political parties, including promoting and / or opposing ballot issues by supporting groups or lobbying organizations.

G. SCHEDULING CHANNEL TIME

Channel and equipment time are provided on a first-come, first-serve, nondiscriminatory basis to any current member. Division of channel time by public access and educational access is negotiated by VCAT and its educational partners. While VCAT wishes to accommodate specific requests, the period during which public access programs are played is a shared community resource and specific channel time and equipment use requests cannot always be guaranteed. All requests will be processed on a fair and equitable, non-discriminatory basis, subject to the availability of cable-casting equipment, space, channel time, and public access vs. educational access time.

Programming containing excessive violent material, excessive profane or offensive language, excessive nudity, graphic depiction of medical procedures, or sexually explicit material can only cablecast between 12:00 Midnight and 2:00 AM. All Playback Request Forms must indicate whether the programming contains material of this nature.

Channel time scheduling requests must be submitted at least four weeks in advance of the desired cablecast date. At the discretion of staff, if the desired time slot is available, the four-week submission rule may be waived to allow the timely cable-casting of newsworthy or time sensitive events.

VCAT programs Community Channel 27 at twenty-four hours a day, seven days a week. Programs may be repeated at staff discretion. VCAT reserves the right to cablecast programs produced by members onto Channel 27 or 28, where appropriate.

H. PROGRAM OWNERSHIP

All programs produced at VCAT are property of the producers, who own the copyright and assume responsibility for all program content. VCAT reserves the right to make a copy of any program produced at the facility for any reason, including promotion or further cablecast. Program producers may distribute their shows to other public access facilities or venues; however if in future, producers receive any payment for programs which have been produced at VCAT, producers should reimburse...
VII. UNDERWRITING

Underwriting is when a business or individual donates a product, service, or funding to assist in the production of an access show in return for a non-commercial acknowledgement.

A. Underwriter Acknowledgement

Underwriters receive a fifteen second acknowledgement on one of our access channels. Depending on your level of support, an underwriting spot may include a picture of your business locale, contact information, your logo, a voiceover, music, and your web address. Underwriting payment can come in the form of a tax deductible donation, or an in kind donation of goods or services such as food for the crew, or furniture for a set, or other material support.

B. Limitations on Underwriter Content

According to the Federal Communications Commission (FCC)

i. Underwriting Guidelines

The following are requirements for underwriting acknowledgement:

- No longer than 15 seconds
- Includes no calls to action (i.e., "Come on down and BUY our products!);
- Includes no comparative language (i.e. "We're better than that other pizza place!").
- Underwriting spots must be placed at the beginning or end of a show.

All programming accepted for play on the PEG channels must be non-commercial in nature; i.e., containing no solicitation of funds or attempt to sell products or services. Programs may, however, contain underwriting credits acknowledging support given to Producers to develop their program.

The following are not permitted:

- Superlative description or qualitative claims about any underwriting company, its products or services; any comparison with other companies, or with other company's product or service, whether direct or implied.
- Any inducements to buy, sell, rent, or lease.
- Official spokespersons, owners, employees or professional talent that are featured in commercial promotion of a underwriter's business or product may not appear on any program for which the underwriter has provided support, without prior staff approval.
- A business location must not be prominently featured in any program for which that business or its owners or managers has provided underwriting support. An exception to this policy may be made for a situation in which an event is documented occurring at an underwriting business location, and the resulting program does not explicitly feature products or services there or serve as an overt inducement to patronize the business. Such exceptions will be granted contingent on staff review of the program(s) in question and may be withdrawn if references to the business are more than incidental.

Underwriters for programs may be credited with an acknowledgment at the beginning and/or end of each show with audio and video including the underwriter's name, address, telephone number and a logo and/or exterior of business. A brief descriptive line may follow the credit factually describing the underwriter's business (e.g., "Computer Products and Repairs", "thousands of books available"). Products and brand logos may be included. No price information or dates of sales may be included.

Each underwriter may be acknowledged no longer than fifteen seconds each time at the beginning and/or end of the program. Total underwriting acknowledgments may be no longer than two minutes per hour of programming, or one minute per half-hour.

Any member in good standing with VCAT who is producing a show to cablecast on the PEG channels may seek support from local businesses in the form of underwriting. Community volunteers and or independent producers are not agents or employees of VCAT, and the programs they create do not necessarily represent the views of the VCAT Board of Directors, management, staff or funding jurisdictions. The community volunteer and/or independent producers are solely responsible for the content of the program they produce.

A. Underwriting Credits
If a program not produced by VCAT does contain underwriting credits, the Producer (or Programmer) must provide staff with signed agreements from each credited underwriter with the following information:

1. Producer/Programmer’s Name

2. Name of program

3. The following statement:

   "I understand that any financial or other support that I have given to the above Producer/Programmer is for support of the program listed. No support is intended for or will be received by Vallejo Community Access Television (VCAT). I understand further that the Producer/Programmer is not an agent or representative of VCAT and that the program I am supporting is strictly the Producer’s responsibility and expression. I understand that I may receive an underwriting credit, but will not receive commercial advertising including the promotion of products or services."

4. Name of underwriter (individual or business)

5. Signature of underwriter

6. Date of signature

Appropriate signed agreements must be provided prior to the telecast of any show with underwriting credits.
